# Booking Process

---

- 1.** Get in touch with one of our team via e-mail or over the phone even if you are only throwing around ideas we can fire over some options that may spark some inspiration. It's also helpful at this point to let us know of the dates you have in mind so as we can check our availability.
- 2.** If we are free and you like what you see, we'll pencil you in and send over an event details form to capture all the fundamentals such as location and numbers. We'll also get you booked in for a meeting where we can discuss specific menu options and the finer details of your event such as timings and any special requirements.
- 3.** Once we are armed with the necessary info we'll put together a proposal including a full quote for your approval. It's at this stage that we'll book you in for a tasting, after which you can make your final decision.
- 4.** Once you are 100% happy you can pay a deposit, please see below for our full payment policy.
- 5.** One month prior to your event we'll be in touch to confirm final numbers, dietary requirements and table plans where necessary. It's these details from which the final invoice will be determined.

# Payment Terms

---

All we ask is for 20% deposit payable upon acceptance of our proposal, this is used to secure the booking.

We require a further 30% payable six months from the event date these payments can be made as and when you choose to. These are non-refundable.

The balance of the invoice must be settled no later than one week prior to the event date. We reserve the right to withdraw our services without refund should you fail to settle the remaining sum prior to the event.
